## **Supervision :**

It is the responsibility of the client, guest and/or guests parents or guardians to supervise all children and activities relating to the entertainment. We ask that there be adult supervision during the party to attend to possible needs or any misbehavior of any child.

We ask that you keep the adult noise level to a minimum so the children do not get distracted. This allows children to hear the instruction of the party hostess.

Please advise all guests that the party will begin promptly at the scheduled time. All activities are carefully planned and any child that arrives late may join the activity which is currently taking place. This is necessary to insure the least amount of disruption to the party. Understanding this policy is appreciated.
